SKILLS

Programming Languages: Java, Python ,C   Web Development: HTML,CSS

Databases: MySQL

CERTIFICATES

Introduction to Packet Tracer
CISCO networking academy

Java Programming Fundamentals
INFOSYS Spring board

Introduction to Cyber Security
INFOSYS Spring board

CCNAv7: Introduction to Networks
CISCO networking academy

CCNAv7: Switching, Routing, and Wireless Essentials
CISCO networking academy

CCNAv7: Enterprise Networking, Security, and Automation
CISCO networking academy

DSA WITH JAVA
Apna college

PROJECTS

Demonstration of phishing attack
Designed and implemented a realistic phishing attack scenario to demonstrate the techniques used by attackers and the potential impact on users and organizations using HiddenEye toll by Linux

Student database system
Designed and implemented a comprehensive system to manage student records, including personal details, academic performance, and enrollment information.

Server side E-mail Spoofing Detection
Developed and deployed a server-side email spoofing detection system utilizing SPF, DMARC, and DKIM protocols to enhance email security and prevent spoofing attacks
